# Add \& Subtract Decimals 

$\qquad$
Math-Ms.Harrietha

## Learning Goal

- I can add and subtract decimals by using models and properties of operations in order to solve real world problems.

## Success Criteria

$\square$ By using models.
$\square$ By using standard algorithm and lining up decimal points.
$\$ 0.75+\$ 0.30$

## Models using Money

$$
\$ 0.75+\$ 0.30
$$

## \$0.75 <br> - $\$ 0.30$

## $1.45-0.29=$

## Models using Money
